THE SOCIAL STIGMA

When you are asked, “When are you going to get married?” and you reply whenever you are ready or whenever you meet the right person, even if by then you are 30, that’s not okay. Of course, there are biological factors that are to be considered, but isn’t that the individual’s decision?

Pouring Yourself Out One Goal at a Time

Now Listen to Full Article

Unhelpful goal setting is doing the same thing repeatedly and expecting different results. In your quest to achieve everything, you often spread yourself too thin, fragmenting your time and energy across numerous goals. The result? You dilute your efforts, leaving every endeavour incomplete and yourself exhausted. It's a common pitfall today – striving to do it all, but never truly accomplishing what matters most.

Cybersecurity for Start-ups

Now Listen to
Full Article

Since start-ups frequently have a small budget and few resources, the fear of a cyberattack can be very destructive. Safeguarding information and digital resources is not only essential but also a vital element in guaranteeing sustained prosperity and confidence in the market.

WHY 9 ISH OR 10 ISH DOESN'T CUT IT

Now Listen to
Full Article

That Indians have a lax relationship with time is a cultural trope. Only in India do we tell people that we will come at 4ish or where 10 am can mean 10:30 am. However, when this laissez faire approach extends into the professional sphere, productivity and profits can plummet.

THE ROLE OF A LOCAL PARTNERS

Now Listen to
Full Article

Global Capability Centers (GCCs), once seen primarily as cost-saving hubs, have evolved into key players in driving global business expansion strategies. The focus of GCCs has shifted from merely providing support functions to contributing to strategic business objectives, such as innovation and new product development.
